1. TRAVEL REIMBURSEMENT

Delegates whose worksites are located more than 500 miles from the center (one way) will be reimbursed travel expenses at the end of the conference as follows:

2. Hotel and Mileage:

For those driving more than 500 miles one way (1,000 round trip):

Mileage is not reimbursed for the first 1,000 miles of a round-trip. After 1,000 miles, a driver will be reimbursed using the IRS-rate for each mile. The International Union determines mileage according to Rand-McNally and reimburses for the most direct route to the center. Do not rely on Internet mileage charts.

On trips to and from the Center, delegates will be entitled to one night's lodging when driving more than 500 miles; two nights' lodging for 1,000 miles or more. Hotel rates should not exceed \$65 per night for single occupancy; \$80 per night for double occupancy. Delegates must save hotel receipts and submit to the center for reimbursement. Upon completion of the program, delegates will receive mileage and/or hotel refunds. Meals, highway tolls, or other costs incurred during travel are not refundable by the UAW.

Air Transportation:

For those flying to Detroit (worksite must be more than 500 miles one way):

For those who choose to fly, they will arrive in Detroit on Saturday. The Family Education Center will make hotel reservations for the Saturday night stay. That information will be printed on the e-ticket itinerary provided by the travel agency. Charter buses will leave Detroit from the hotel Sunday at 9 a.m. EST and arrive at the center at approximately 3:30 p.m. For Friday's return trip, no flights will be made before 4:30 p.m. EST.

To take advantage of Super-Saver rates, all flight arrangements are made by the Family Education Center at least 14 days in advance. When contacted by TSI travel agency, be prepared to pay for airfare with either a personal credit card or through arrangements made with your local union. Local unions may pay with a check or by credit card. No personal checks will be accepted.

In cases of airline reservations not made 14 days in advance, the International Union will refund only the cost of Super-Saver fares. Meals, phone charges, or other costs incurred during travel are not refundable.

Airfare reimbursement will be made upon completion of the conference. A \$75 airline registration fee will be deducted from the reimbursement. The International Union will reimburse only the cost of a 14-day advance non-refundable ticket. Any changes, additional costs, or late fees will not be reimbursed and is the responsibility of the local union or delegate.

Please allow 48 hours to process airline reservation requests.

3. Luggage Reimbursement:

For those who fly, the International Union will reimburse your first piece of luggage each way. You must save your receipts and submit at the Center for reimbursement.

Workshop Descriptions

- **Civil and Human Rights Basic Policy and Procedures** – The goal of the workshop is to equip delegates with information and techniques on the anti-harassment policies, rights in the workplace, how to set up and build a strong Local Union Civil and Human Rights Committee, identify the roles and responsibilities of the Committee, and learn how to work together with institutions and organizations to build community coalitions.
- **Civil and Human Rights Advanced Policy and Procedure** – This workshop will give you a better understanding of what is required when doing an investigation. You will be expected to utilize forms from the Guidebook and write a report with recommendations after the investigation. This class will take you beyond the initial policy and procedure class. Prerequisite for this class is to have completed Basic Policy and Procedure.
- **Civil and Human Rights Basic Diversity, Equity, and Inclusion** – This workshop will provide participants with an understanding of discrimination and harassment policies as well as how to combat the same. In addition, the workshop will provide a conceptual framework of Diversity, Equity, and Inclusion (DEI) in the workplace to promote the fair treatment and full participation of all people, including populations who have historically been under-represented or subject to discrimination because of their background, identity, disability, race, or other factors.
- **Civil and Human Rights Advanced Diversity, Equity, and Inclusion** – This workshop is designed for participants who already have a foundational understanding of diversity, equity, and inclusion and are ready to engage in deeper, more meaningful dialogue. The session will expand on core DEI concepts by examining how bias, discrimination, privilege, systemic barriers, and exclusion can show up in workplace culture, policies, practices, and interpersonal interactions. Participants will have the opportunity to explore sensitive and often challenging topics in a thoughtful, respectful, and solutions-focused environment.
- **Understanding LGBTQ+ Rights** – Provides an overview of Lesbian, Gay, Bisexual, Transgender, and Queer people, and the challenges they face in the workplace and in our union. Includes education and discussion about the differences, stereotypes, and values distinguishing LGBTQ+ people and effective means of communicating such differences to non-LGBTQ+ people.
- **EEOC Cases and Employment Laws** – Provides an overview of employment laws and various EEOC case studies. This class introduces the basic framework of anti-discrimination laws. This class focuses on understanding what needs to be proven to show a violation of the law and provides tools for identifying discrimination and putting a case together. You will discuss the best ways to respond to a complaint.
- **Lobbying 101** – Lobbying elected officials is an important part of labor’s role in the political process, but it can be hard to get started! This class will explain how to effectively lobby to achieve our political goals, the different ways to lobby, and how to best access our elected representatives on the state level. The class will also unpack the legislative process and show how you can find, understand, and track legislation that is important to you. The class will include role playing exercises on lobbying techniques, as well as how to read and analyze legislation, how to prepare for lobbying meetings, and what to do when you’re meeting with someone who does not agree with you quickly and easily. The class will also discuss how to make sure you are using accurate information, quick ways to check sources, and how to avoid “fake news” when engaging in the lobbying process.
- **Labor and Human Trafficking: Rights, Risks, and Prevention** – This session focuses on identifying exploitation in the workplace, understanding the legal protections afforded by labor rights, and the proactive role unions play in prevention and advocacy. Learn how to turn awareness into action to ensure a safe and just environment for all workers.

- **Immigration** – Increased immigration enforcement across the country takes its cues from the harmful policies and practices of our failed criminal justice system which led to the increased criminalization, surveillance and incarceration of our communities. These policies will only lock more families out of the American dream and undermine efforts to ensure safe working conditions and fair wages for all workers. This session will highlight the intersection of our immigration and criminal justice systems and explore the economic consequences these harmful policies have on working families.
- **Fighting for Justice with Union Power** – We have lived through the largest transfer of wealth from workers to billionaires in our nation’s history. It has destroyed communities and led to the least unionized workforce since the 1920’s. This series is designed to get members involved in campaigns in their communities to bolster the interests of working-class people.
