# Shop Chairman's Report

*Rich Mince, Shop Chairman*

The active membership has already learned of my appointment to the International via the "Notice to the Membership" letter that was handed out in the plant this past week. However, the retiree members may not know and I would like to take this opportunity to make sure that all members are informed.

This will be my last month in office, so I would like to first wish everyone well in the upcoming elections in June and express my appreciation to the membership for all their past support.

In the early 1980's I began running for elected office and this membership has supported me in 20 elections for every office from alternate committeeperson, delegate to the convention, trustee, committeeperson and shop chairman. I would like to thank the membership for that support and I hope to have the opportunity to have some input from the International level for the future of this site.

During the transition period, George Anthony, who has served as co-chairman of the shop committee, will do an excellent job in my place.

Thank you for the wonderful friendships and memories.

# Recording Secretary's Report

*Submitted by Jill Quackenbush, Recording Secretary*

On Tuesday May 10 the UAW International Executive Board was in Indianapolis, Indiana for a Town Hall informational meeting. Region 3 Director Terry Thurman and staff along with UAW Local 933 Allison/Rolls Royce hosted the memorable event.

Retired and active UAW leadership representing local unions throughout Indiana and Kentucky were in attendance to welcome and gather information for their respective locals.

The informal meeting was educational as well as informative: A question and answer session reflected on concerns about healthcare benefits, flow back rights, organizing, pensions and pension increases, prescription drugs, state employees and the future of Delphi Kokomo.

First and foremost this is the first time the entire International Executive Board has been in Region 3 at one meeting at the same time. The International Vice Presidents represent and service the many different factions of the membership i.e.; Ford/Visteon, Chrysler, GM/Delphi, TOP, State Workers, Independent Parts and Suppliers, Aerospace, Agricultural and Implement Workers of America.

Questions were answered by the respective Vice Presidents presiding over the defined departments of this great union.

President Ron Gettlefinger acknowledged there is a freeze on opening negotiations over healthcare at this time although he added the International Union will do what is in the best interests of the UAW membership.

Healthcare costs are skyrocketing and several members in attendance stated they would rather have co-pays as opposed to no insurance as they have been on the other side of the fence or have family and friends who are without insurance. We also realize there are union members from smaller plants who don't have these same benefits available to them.

Organizing - Region 3 is leading the way in organizing, bringing in new members. Organizing is critical to our future. It is difficult, demanding hard work with our anti-union laws working against us, but it is also one of the most rewarding for the organizer and more importantly for

the employee at will to finally have a voice with collective bargaining rights.

Prescription drugs and cost - Generic versus name brand. Much discussion particularly centered on the costs of healthcare and treatment there of. Also, the high cost of treatment for terminally ill patients.

Pensions and pension increases - There have been adjustments made in national agreements, life expectancy has increased throughout the years therefore for members who retired 20 - 25 years ago pension amounts are much less than recent retirees.

The UAW is one of very few unions who negotiate for their retirees.

State employees of Local 9212 were asked to stand and be recognized. As far as we are concerned they are still our members and we will stand with them and help them in their struggle to be recognized.

The future of Delphi - As stated by the entire International Union representing Ford/Visteon, Daimler/Chrysler, GM/Delphi, etc. the next national agreement will be the most difficult negotiated. They will do everything possible to ensure a fair and equitable agreement for all.

National, state and local politics along with unfair trade legislation has enabled the erosion of workers rights and jobs, an economic disaster and the disintegration of a standard of living for all Americans and their families.

It all falls back to each and everyone of us to hold legislatures accountable to their actions. We all lose by the stroke of a legislative pen. Legislation supersedes our contracts. Write, phone, e-mail your government representatives and hold them accountable for unfair trade legislation.

We have great leadership who work tirelessly on our behalf. I applaud them for all they have accomplished from one contract to the next. There is no crystal ball or magic, they are only as powerful as those who stand with them and behind them in our fight for survival.

## Cingular Wireless Discounts

**(Union-member-only discounts and benefits for new and current Cingular wireless customers)**

By working with Cingular - the second largest wireless company in the U.S. and a unionized company - Union Plus Cingular Wireless Discounts help union members save, dial and talk any time and anywhere.

**New and existing Cingular customers:** Call 1-800-356-9752 and ask for the Union Plus rate to get details about exclusive Cingular wireless deals in your area. Your monthly access charges will be 5% off of the selected regional and national plans. Available wherever Cingular wireless service is offered.

*Rules and restrictions:* Discount is not available through Cingular stores or dealer. Union members must call 1-800-356-9752 to join the program or change service.

## Trustees Report -- Submitted by Jim Shelton, Trustee

We are happy to report that the Kokomo Academy of Martial Arts is now utilizing our gymnasium several days a week. They are working around our schedule of events (elections, meetings, etc.) to allow for shared usage, while providing our union hall with some additional

income. If you have a family member or friend who may be interested in taking a Karate or Kung Fu class, please have them contact either 765-883-7798 or 765-419-7798 (after 8:00 P.M.) for more information.

Last month we asked if anyone had some experience as a librarian, and if they would be willing to assist with setting-

up the new library/study adjacent to the Shop Chairman's office. Thus far no one has come forward to volunteer. This lifetime compilation of books and music was donated by Dr. Bruce Kingery, who is a past President of our local, and an educator who retired from a career at Michigan's Wayne State University. **Any help with this project would be very much appreciated.** We want to be sure to properly care for this collection, while providing our membership with a valuable resource they can utilize for many, many years.

**Attend your Union Meetings to become a part of the process!**

## Chaplain's Report

### *Thelma Corbit, Chaplain*

Father's day will be celebrated soon. Help make this day the greatest Father's day ever. Have a cookout, take him fishing, play golf or just sit around listening to his stories of growing up. Spend the day with him and make him feel special.

Here are some poems that I thought that you might enjoy reading.

### What Makes A Day?

God took the strength of a mountain,  
 The majesty of a tree,  
 The warmth of a summer sun,  
 The calm of a quiet sea,  
 The generous soul of nature,  
 The comforting arm of night,  
 The wisdom of the ages,  
 The power of the eagles flight,  
 The joy of a morning in spring,  
 The faith of a mustard seed,  
 The patience of eternity,  
 The depth of a family need,  
 Then God combined these qualities,  
 And then there was nothing more to add,  
 He knew His masterpiece was complete,  
 And so, He called it --- Dad.  
*Author unknown*

### My Dad

I love someone dearly, He's kind as can be;  
 He makes me so happy; He's my Dad, you see  
 He takes me fishing; We play ball and swim;  
 He knows about everything, I'm so proud of him.

And as I get bigger, I just want to grow  
 To be like my daddy, Cause I love him so.

## Retiree's Corner

*Sue Conner, Chairperson*

Thanks to all who took time out of their very busy schedules to come out and vote for the retiree chairperson position on May 9, 2005.

Each vote was appreciated by all candidates. A very special thank you to all of you who chose to support me a second time. I will certainly try to work up to your expectations and do the best for the retirees and all seniors who need my help. We have a great board working for all.

Newly elected officers are: Sue Conner, Chairperson; Kenny Fisher, 1st Vice Chairperson; Martha Lantz, 2nd Vice Chairperson; Rosemary Amos, Secretary; Goldie Snaveley, Treasurer and Bob Stephenson, Sgt. at Arms.

Thank You, Thank you, Thank you to Nick Loffredo who served tirelessly the last three years as 1st Vice Chairperson and Connie Lindley who served as our Sgt. at Arms. Nick is planning to move back to Ohio and Connie has some health problems. Both will continue to support us as we go down the road. They are really loyal, true union members that our younger generation can look up to. They know what Solidarity really means.

## From the Hart of the Retirees -- *Submitted by Mickey Hart, Retiree*

### Poll: Most people not ready to forfeit Social Security Benefits

WASHINGTON (AP) -- An AP-Ipsos poll found 56 percent of respondents are not willing to give up some promised benefits, while 40 percent say they are. Majorities of Democrats, Republicans and independents are opposed to the proposal.

A week ago, President Bush proposed asking future middle and higher income retirees to accept smaller benefit checks than they're currently slated to receive as part of a package to keep the system solvent. His proposal would call for benefits for low income workers to "grow faster than for people who are better off."

Bush says that younger workers in particular could offset the loss with proceeds from the private investment accounts he wants to establish. Bush has said the current program will not change for workers age 55 and older.

The president has been campaigning for more than two months to convince people that Social Security is in financial trouble and that his plan is the way to save.

The poll found he's getting a mixed result. Seventy percent believe his prediction about Social Security, but a solid majority - 60 percent - say they do not like the way he is handling the issue.
