OFFICIAL CALL TO THE UAW Region 2B Effective Educator Training August 6 - 7, 2024

To: All Local Union Presidents, Financial and Recording Secretaries in Region 2B, UAW

Dear Sisters and Brothers:

Education is a key element to building strength and solidarity amongst members. As you may know, Article 44 of our UAW Constitution lists eleven standing committees that shall be established at every local union, including Education Committees. This training is intended to help locals establish Education Committees and empower existing committees by building their skillset.

This workshop helps members develop the personal skills and confidence to be effective facilitators, understand the many ways adults learn, how to effectively use visual aids and media when facilitating, and become better listeners in the classroom. Upon completion of this workshop, members are given access to curriculum developed by the UAW Education Department to share with their local union.

Education committee members who successfully complete the workshop “Effective Educator Training” will have access to a selection of Education Department curriculum which can be taught at the local union. More information is available from your Region 2B Education Representative.
