

**Payment in Lieu of Vacation (PILV) and Paid Absence Allowance (PAA) while on Layoff**

**Will my unpaid and unused 2019-2020 PILV and PAA payout on May 8<sup>th</sup> and May 15<sup>th</sup>, 2020 impact my state benefit or SUB?**

**A:** This payment is a payout of your balance for the 2019-2020 vacation year and as such, will not impact your SUB benefit. Please follow your states guideline with respect to the treatment types of payments for an unemployment benefit. (Meaning, you will have to claim any amount received from the above, if we continue with the layoff beyond the scheduled return date of May 4.)

**Will a vacation payment for the PILV year 2020-2021 impact my state system benefit or SUB?**

**A:** Yes, if you receive vacation payment while you are on layoff, you will not receive your State System Benefit or SUB for the days that you are paid vacation. You may want to consider rescheduling your vacation payment so it does not fall within the timeframe of the layoff.
