

## **UNITED AUTO WORKERS LOCAL 863 IMPORTANT INFORMATION**

All those laid off next week at the Sharonville Plant due to the Kentucky Truck Plant strike are to report to **UAW Local 863 Headquarters on TUESDAY, OCTOBER 17<sup>th</sup>, 9:00am** for an informational meeting. Leadership will address all who attend and will answer any questions you have. We will also discuss your strike pay and what you will have to do to get the weekly strike pay. As of right now, a date for registration for strike pay at the Local has not been established. We are waiting on our International Auditor to tell us what date and times that will be. If we know by Tuesday, we will communicate that with you that day.

All of this is fluid and evolving so please keep up to date with information from the Official Local 863 Facebook page @uaw863online or the Local's official website ([www.uawlocal863.com](http://www.uawlocal863.com)) or you can call the Local and leave a message and we will call you back as soon as we can.

If anything changes between now and Tuesday, we will update our social media and website to communicate that information.

In Solidarity,

A handwritten signature in black ink, appearing to read "Tod Turner".

**Tod Turner, President  
UAW Local 863**
